## Pharmacy Transfer

### ■ Two-year Associate of Science degree

Begin your pursuit of pharmacy school at FVCC. Earn an Associate of Science with an emphasis in pharmacy and apply to the School of Pharmacy at the University of Montana-Missoula (UM.) The curriculum offered by UM consists of a six-year program leading to the Doctor of Pharmacy (Pharm.D.) degree. Students who complete the first two years of pre-requisites at FVCC and are admitted to the School of Pharmacy at UM can complete the Doctor of Pharmacy degree in four years.

## Pharmacy Technology Certificate

### ■ Two-semester Certificate

Pharmacy technicians assist and support pharmacists in providing health care and medications to patients. Pharmacy technicians often perform many of the same duties as pharmacists.

FVCC's Pharmacy Technology Certificate is a one-year program that includes classroom, practical and clinical experiences. Graduates of this program are prepared to sit for the Exam for the Certification of Pharmacy Technicians and the Pharmacy Technician Certification Board nationally accredited examinations.

Applications for formal acceptance into the Pharmacy Technology Certificate program are accepted once a year. Applications are available after March 1 with preference given to applications submitted by May 15. Applications will be accepted until August 15.
