Great Reasons to Begin Your College Education at FVCC

- 1. Personalized Attention:** Small class sizes ensure that students receive a more personal, tailored educational experience. All students have access to an abundance of free resources, including tutoring, counseling and more.
- 2. Scholarships & Affordable Excellence:** In 2018, FVCC awarded nearly \$1 million in scholarships to students. FVCC's tuition and fees are considerably lower than those at most four-year universities and colleges and 40% less than the University of Montana and Montana State University.
- 3. Better Transfer Prep:** Students who start their education at FVCC earn more A's and B's during their first semesters at Montana's four-year campuses compared to the overall student population.
- 4. Outstanding Faculty:** FVCC faculty members have studied, taught, conducted research and volunteered across the globe.
- 5. On-campus Housing:** FVCC offers modern, on-campus apartments with private bedrooms, bathrooms and kitchens.
- 6. Honors Program:** FVCC honors courses provide a cross-disciplinary approach taught by a team of two instructors, providing each student a unique learning experience.
- 7. Undergraduate Research and Study Abroad:** FVCC students conduct research in a variety of disciplines during their first two years of college. Many of FVCC's research projects are combined with study-abroad opportunities in places such as the South Pacific, Central America and Europe.
- 8. Unparalleled Outdoor Recreation:** Glacier National Park, Flathead Lake, Whitefish Mountain Resort... need we say more?
