**NOTE:** The LSI certificate is not a license to practice land surveying.

The following outlines general information. For a detailed listing of the requirements, please look for the application in the "Forms" tab

+ **Application Fee:**

- **Education Requirements:**

See MCA 37-67-326 and ARM 24.183.303 & 24.183.501

Three Montana Land Surveyor education programs have been pre-approved by the Board. Graduates of these programs do not have to submit course descriptions with their application:

- 1) AAS in Land Surveying, Flathead Valley Community College, Kalispell MT
- 2) Minor in Land Surveying (with an engineering degree), Montana State University, Bozeman MT
- 3) AAS in Civil Engineering Technology with a Land Surveying Certificate, Highlands College of Montana Tech. (program not yet available)
