## Physical Therapist Assistant (PTA) Licensure Disclosure

Upon earning an <u>Associate of Applied Science in Physical Therapist Assistant</u>, graduates are prepared to take the National Physical Therapist Assistant Examination (NPTAE) provided by <u>The Federation of</u> <u>State Boards of Physical Therapy</u> and must receive a passing score in order to become a licensed PTA in Montana. Licensure is required to practice as a PTA in Montana and is overseen by the State of Montana Board of Physical Therapy Examiners. To find more information regarding licensure, please visit the <u>American Physical Therapy Association</u> (APTA) website.

This disclosure indicates the states that FVCC has determined through a reasonable, good faith effort that the physical therapist assistant program meets or does not meet the educational requirements for licensure or certification, or for which states FVCC has yet to make a determination.

If you are planning to pursue professional licensure or certification in a state other than Montana, we recommend contacting the appropriate licensing board in that state to seek information and guidance regarding licensure or certification requirements before beginning an academic program.
