V. COLLEGE ISSUES

- C. Finance and Audit Committee Report
 - 2. Tuition and Fee Consideration for FY26

BACKGROUND:

At their April meeting, the Budget Committee discussed recommending to the President a 2% tuition increase. President Karas is recommending a 3% tuition increase based on recent Legislative actions. This increase would be \$4.44 per credit for in-district students, \$6.08 per credit for out-of-district students and \$12.87 per credit for out-of-state students. Tuition per credit would be \$152.45 for in-district students, \$208.71 for out-of-district students and \$442.02 for out-of-state students.

The Budget committee recommended to the President a \$2.50 increase to the \$47.50 Health Center Fee. The Health Center Fee is a mandatory fee charged to students enrolled in 6 credits or more. The new Health Center Fee would be a flat \$50 for 6 credits or more. President Karas is recommending this \$2.50 increase to a flat \$50 Health Center Fee.

The college will work with any student who needs financial support to address the proposed increases.
